

Parent Curriculum Overview

Spring Term 2021- Class 6

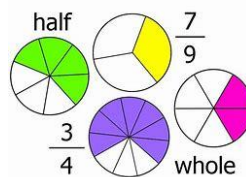

ENGLISH

This term we will be exploring how to use punctuation in our writing. We will be looking at dashes, hyphens parenthesis and colons. We will continue to think about the effect we can have on the reader and the different grammatical features we can sue to achieve this. Our first text is 'Inside the Villains'. This book offers a different perspective on some well-known fairy-tale characters.

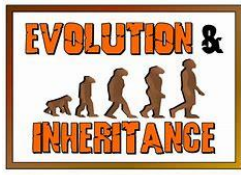

MATHEMATICS

This term we will develop our knowledge of fractions, decimals and percentages. The children will be using known multiplication facts to support them. We will be completing daily multiplication challenges to help the children develop fluency. The children will be using their CGP homework books to reinforce and support learning that has been done in school.

SCIENCE

Our topic for this term is Evolution and Inheritance. We will be exploring adaptations and characteristics of animals and how these have changed over time. The children will look at an animals habitat, for example an icy tundra, and then explore how the animal can survive living there.

GEOGRAPHY AND HISTORY

This term we are beginning with a history topic. We will be exploring WW2. We will be discussing Rule of Law by looking at Winston Churchill. The children will explore what life may have been like in Buckfastleigh during the war. Following this, our topic will look at Sustainability through Renewable Energy. This topic will link into a dance project that we will be completing and also complements our school values.

COMPUTING

Our computing units this term are Game Designs and Variables and an Introduction to Spreadsheets. The children will develop their confidence using the computers. Children will explore how to use spreadsheets and the different functions available.

DT

We are going to be exploring cams and mechanical systems during DT this term. The children will have an opportunity to explore mechanical systems looking at how they work and are how they are put together. The children will then design, make and evaluate their own designs using what they have learnt.
