## Friday January 25<sup>th</sup> 2019

## Year 6 Home learning Letter

This week the children have been challenging themselves in mathematics developing their skills of multiplication and division, you might like to see what a few of the children said about their learning on the class webpage this week.

As before, I have set some home learning for the class and it is arranged to enable children to pick the stage that they are comfortable working at independently and designed to allow them to revisit their week's learning. Please let me know if your child wasn't able to access the activities set and more support will be provided.

For **English** this week the children will be bringing home their **CGP books** (Remember answers are in the back) and they will be looking at **Sentence punctuation Page 36**.

In Mathematics the children will be working on page 10 -Written Multiplication. By the end of year 6 we want all of the children to be able to multiply 4 digit by 2 digit numbers, some children are very confident at present and some are still developing this skill. Have a go and please don't worry if some of the questions are too difficult, we will continue to work on this. For those who love a **challenge** try these: **9876x 786=**      **136..78 x 37=**

### Spellings this week are:

**CHALLENGE Words: We will be focussing on developing a wide and varied vocabulary to support reading and writing in Year 6. Children will be collecting new words in class each week and we will have some in our spelling list too.**

**For everyone to learn at least five of these:**

ough words		New vocabulary:
rough	cough	susurrate
tough	bough	saturate
enough	plough	undulate
thought	fought	
through	ought	
dough	although	

**Topic Project:** Children to continue working on their personal WW2 topic projects, to be handed in next half term. In **Mathematics** the children have been focussing on multiplication and division and continue to be reminded of the importance of knowing all of their times tables by heart up to 12x12

I hope that you all have a great weekend and I look forward to seeing you again on Monday and as ever I am always here if you need to chat about anything related to your child's time in year 6.

Kind regards *S.J. McCarthy-Patmore*
